🚀 Embarking on an exciting journey as a graduate web development intern, I bring an insatiable appetite for learning and boundless energy to contribute to the dynamic world of web technologies. With practical experience in crafting and troubleshooting intricate web solutions, I've demonstrated my skills in real-world development scenarios.

My most significant achievement? Successfully tackling challenging coding issues under tight deadlines, ensuring seamless functionality and user satisfaction. Navigating the ever-evolving landscape of web development, I've honed my technical abilities and cultivated a passion for creating innovative, user-centric digital experiences.

Armed with adaptability, coding expertise, and an unwavering commitment to quality, I am eager to contribute to the forefront of web development innovation. Ready to embark on this exciting internship, I am prepared to propel the future of digital exploration! 💻 🚀 #WebDevInternExcellence #CraftingDigitalExperiences

CONTACT

- Juanmzii48@gmail.com
- https://www.linkedin.com/in/john-chinedu
- https://github.com/Juanmz1
- 08087266291
- Nigeria

SKILLS

- Python
- JavaScript
- HTML
- HTML
- Flask Frame-Work
- Django Frame-Work
- Diesel Engine Maintenance
- Gas Engine maintenance
- Marine Operation and maintenance
- CSS
- HTML
- MATLAB
- Proficiency in System networking and Operation
- Simulation and analysis using FEA, CDA
- SolidWorks
- Ansys

EXPERIENCE

ALX SOFTWARE ENGINEERING KENYA
Jan, 2023 - dec, 2023

The design and development of an E-commerce Website Using Flask Frame Work https://github.com/Juanmz1/jua

ALX SOFTWARE ENGINEERING KENYA
Jan, 2023 - dec, 2023

The design and integration of a Simple Shell Command line

ALX SOFTWARE ENGINEERING KENYA
Jan, 2023 - dec, 2023

The design and development of an AirBnB clone using HTML, JavaScript, CSS, Bootstrap, Flask rest API,

MARINE ENGINEER TRAINEE KENOC NIGERIA LIMITED
Jan, 2022 - Jun, 2022

Overhauling of diesel engine for security vessel and tug boat and undergo sea trails
Schedule machine overhauls and the servicing of electrical, heating, ventilation, refrigeration, water, and sewage systems.
Prepare technical reports for use by engineering.
Evaluate operation of marine equipment during acceptance testing and shakedown cruises.
Inspect marine equipment and machinery to draw up work requests and job specifications.
Review work requests and compare them with previous work completed on ships to ensure that costs are economically sound.
Analyze data to determine feasibility of product proposals.
Maintain and coordinate repair of marine machinery and equipment for installation on vessels.
Design and oversee testing, installation, and repair of marine apparatus and equipment.

CONTRACT STAFF AS MARINE ENGINE TRAINEE STARZ MARINE ONNE
Jan, 2022 – Jun, 2022

Overhaul SK4, SK3, SK1 security vessels engines during my time there.
Determine conditions under which tests are to be conducted, as well as sequences and phases of test operations.
Check, test, and maintain automatic controls and alarm systems.
Maintain records of engineering department activities, including expense records and details of equipment maintenance and repairs.
Schedule machine overhauls and the servicing of electrical, heating, ventilation, refrigeration, water, and sewage systems.

Inspect marine equipment and machinery to draw up work requests and job specifications.
Maintain and coordinate repair of marine machinery and equipment for installation on vessels.
Design and oversee testing, installation, and repair of marine apparatus and equipment.

EDUCATION

AKWA IBOM STATE UNIVERSITY B.ENG MARINE ENGINEERING NIGERIA

Jan, 2018 - Feb, 2023

🌊 Set sail with a high-honors graduate in marine engineering, where passion meets precision! With a stellar academic background, I've seamlessly transitioned theory into practice, excelling in propulsion systems design and marine technology. My biggest achievement? Spearheading a groundbreaking research project that redefined efficiency standards in marine propulsion. Fueled by curiosity, tenacity, and a commitment to excellence, I'm ready to engineer the future of maritime innovation! 🚀⚓ #MarineEngineeringTrailblazer #HonorsGraduateExcellence

ALX SOFTWARE ENGINEERING B.ENG SOFTWARE DEVELOPMENT SOUTH AFRICA
Jan, 2023 - Feb, 2024

💻 Dive into the digital realm with a web development virtuoso—yours truly, a graduate with high honors in Python-powered web wizardry! Armed with a track record of crafting seamless, user-centric experiences, I've honed my skills in full-stack development and dynamic web solutions. From architecting sleek e-commerce platforms to streamlining backend processes,.

CERTIFICATIONS/TRAININGS

- **ALX Software backend Engineering --- 2023**
- **Basic Mandatory Training STCW --- 2023**
- **Ship Security Awareness ---- 2023**
